Subject: Questions re: rodenticides and retail sales
Date: Thursday, September 19, 2013 1:10:24 PM

Dear Sir,

We at Gardener's Supply are a retail store with a pesticide license. Might you direct me to a summary of what we are permitted to sell, and for how long, in terms of rodenticides.

In short, we carry strychnine (Wilco, 1# and 5#) and diphacinone (P.C.Q., 4#, 12#, 25#, 50#). Our diphacinone has a dual use label.

Thank you, sir.

Sincerely,
David, Gardener's Supply, Inc.
